DOOR LOCK

- Semi-automatic Cam Locking system w/3 Cams & Self-Aligning Keeper and with a Vertical Lift Handle (flat bar) to assure customer safety

ROOF

- 11 Ga. Steel With Maximum of 4 openings per side for a total of 8 per container.

DIVIDER (OPTIONAL)

- 11 Ga. Steel reinforced with 2" x 2" x 1/4" angle. Locking pins are inserted through the side of the container to lock divider in place.
- Each divider has an 11 Ga. fixed plate welded above to eliminate spillage into the next compartment. This enables you to obtain the fullest capacity of that compartment.

NOTE: Recycle Containers can be stacked 5 or 6 per load. This saves freight cost per container. However, when stacking and unstacking, doors have to be removed and re-hung, and the containers may be scratched or dented. We cannot be responsible for this happening since it is unavoidable when stacking containers.
