- Vertical Lift Handle System. Semi-automatic Cam Locking System with cams and Self-Aligning Keeper. The Vertical Lift Handle is securely welded to a cam-style for easy opening and closing operation. Handle is secured by a 3/4" solid pin, 180-degree turn keyway locking system.

NOTE: OPEN TOP CONTAINERS can be stacked 5 or 7 per load. This saves freight cost per container. However, when stacking and unstacking, doors have to be removed and re-hung, and the containers may be scratched or dented. We cannot be responsible for this happening since it is unavoidable when stacking containers.
